Notes:

- [1] This liquidation scenario considers all claims against SIHPL at their estimated value unless no estimate is available in which case the asserted values are used.
- [2] Other Contractual Claims include those of BVI, Cronje et al., Greyling, GT Ferreira, Le Toit, and Mayfair Speculators. Non-Qualifying Claims (NQC) include the Morris et al. claims. Contractual Claims are valued using the rescission and damages approaches, and NQC's are valued at plead value.
- [3] Estimated SIHPL Litigant Claims are grown at 10.25% simple interest per year between 5 December 2017 and 1 September 2019, at 10.00% simple interest per year between 1 September 2019 and 1 March 2020, at 9.75% simple interest per year between 1 March 2020 and 1 May 2020, at 8.75% simple interest per year between 1 May 2020 and 1 June 2020, at 7.75% simple interest per year between 1 June 2020 and 1 July 2020, at 7.25% simple interest per year between 1 July 2020 and 1 September 2020, and at 7.00% simple interest per year between 1 September 2020 and 31 March 2021.
- [4] This amount reflects the 21/22s guarantee.
- [5] Assets at SIHPL are largely made up of proceeds from two non-interest bearing loans paid by SAHPL and SIHL. These loans are repaid in full on 31 March 2024, and are assumed to grow at the Rand risk-free rate of 7.0% between 31 March 2024 and 31 March 2028. The estimated liquidation proceeds are net of an estimated R 1,217 million of fees, including estimated legal fees of R 120 million and bond of security premiums of R 1,072 million for the period from March 2021 to March 2028, and additional expenses of R 25 million related to the liquidation.
- [6] The present value recoveries assume that payouts to SIHPL claims will take place seven years after the start of liquidation (31 March 2021), and are calculated using a discount rate of 7.0% based on the Rand risk-free rate.
- [7] All SIHPL liabilities are assumed to be pari passu, and SIHPL recoveries are distributed proportionally based on the face value plus accrued interest of the liabilities as of 31 March 2021.
